

Fallulah – You don't care – Lyrics

Verse 1

He took one look at me and he said,
Come on we gotta leave and I said,
Not this time I no longer believe...
He left me standing there and I knew
I should no longer care but I wanted him to turn And say he believed

Pre-chorus 2

I miss that feeling (oh-oh-oh)
I got it somewhere (oh-oh-oh)
I miss that feeling (oh-oh-oh)
But now you don't care (hooohh!)

Chorus

We do it all the time
Repair the broken line
Inside this head of mine
Won't you be so kind and help me?

Verse 2

This town has lost it's charm, It don't
Radiate or make me warm, I've felt the
chilly winds come closer since he was gone...
And on and on he goes now it's
Not longer just for show, I heard it
Now from everyone, I know he moved on...

Pre-chorus 2

I miss that feeling (oh-oh-oh)
I got it somewhere (oh-oh-oh)
I miss that feeling (oh-oh-oh)
But now you don't care (hooohh!)

Bridge

You don't care /
Da da da, da-ih-ah da, da-ih-ah-ih

He is the bittersweet in me
A straight connection to my knees
I may be whole, but not complete
Or so it seems

And if he's coming back someday
I hope I'll find the words to say
I'll make him stay until I believe

Pre-Chorus
